SUPPLEMENT TO REPORT NO.

- 1. The airfield was on the southwest edge of the town of YEREVAN (44°30°E/40°11°N), Armenian SCR, about 1 mile scuthwest of the rubber factory, directly west of the Hatsmatskinskove Fighway.
- Intensive day and night flying was done by single-engine fighter units, twin-engine bomber units, and individual four-engine 25Xir Graft.

Comment:

- The report confirms intensive flying, also at night, by the units stationed at the field as stated in previous reports*.
- The information on the occupation of the field by singleengine aircraft, allegedly a fighter unit, and trin-engine bombers agrees with other reports covering the same period.
- According to previous reports, one fighter regiment and a parachute school have been assumed to be stationed at the field.
- d. Four-engine aircraft are reported for the first time as stationed at the field. Four-engine planes were previously stated to be located at the following two airfields of the Armenian SSR: SARTICHALA and SUMGAIT.
